Welcome Ranchers ... to our 24th Annual Bull Sale!

The Deering Bunch ... left to right, John Wayne, Sheridan, Joel, James, Kandi, Daniel, Cheyenne, John Luke, Autumn

THANK YOU! to all who bought and bid in last year's sale. It's always a pleasure to sell bulls to great people!

I hope everyone has been satisfied with last year's bulls and if there have been any problems, remember you have right up until sale time to let me know, so that any guarantee adjustments can be made.

Our producer of the year for 2017 is Patterson Ranch of Kadoka. Grant has bought a lot of bulls from us in the past few years, and sells an outstanding set of feeder cattle. As in the past, he will receive a \$2,000 credit at this or any future sale. Thanks again to the Patterson family and to all of our customers – it's an honor to be a small part of your success.

We ended up having a pretty good year here, except for the hay crop. Bugs and frost pretty much took care of that. We had a decent grass year, but the hot dry weather in June sure dried things up.

On to some notes about this year's bull crop. This is a very strong group! There are some bulls that offer incredible performance. Disposition, quality, length, thickness and eye-appeal will be found throughout the offering. Calves were started on a little creep feed about mid-September and weaned in late October. They were fed the CHS Bull Challenger ration for the first 100 days post-weaning, along with free choice grass hay, and have done extremely well – posting tremendous gains while not getting overly fat. These guys just GROW, and will surely transfer that to your feeder cattle.

There were originally 130 bulls in this group, and the ratios in the catalog are from the group as a whole, not just the sale bulls. Birth weights range from the low 60's to a high of 110. All bulls selected for this sale were analyzed and culled for BW, performance and disposition several times prior to sale day, and I feel every bull we bring to town has merit for your breeding program. Whether you need a bull for heifers or want to maximize performance from a group of older cows, great bulls of all frame sizes and types will be available in volume.

I feel that this set of bulls is one of our best ever, and we hope you can be in Philip on March 7th to look them over. If you can't get away, remember that Philip broadcasts their sales on DV Auction. If you haven't used this before, remember to pre-register.

Thanks once again to our customers, as well as those who may be considering our bulls for the first time. Hope you can join us on March 7th in Philip!

***Sincerely,
Joel & Kandi Deering***

TWO-YEAR-OLD BULLS

This group is in their "everyday" clothes. Small group of 2's this year, but very worthy of your consideration. Lots 80 & 81 are summer 2015 calves that were too young for last year's sale and 82 is a strong heifer-bull candidate that was leased by Brady Schofield in 2016. Current weights available sale day, will be trich-tested before delivery.
