

Thank You

...to our customers in the past year! We look forward to being of service to you again at our annual bull sale on Feb. 8, 2011. It's been an exceptional year again for moisture and feed production in the upper plains and the fall marketing season has been a successful one for cattlemen that sold scale-pushing, high quality charolais cross calves!

Our goal is to produce consistent, docile, easy-calving performance bulls. This years' offering looks excellent-sired by our proven herd bull battery as well as 3 exciting new herd sires- CC Alicia's Cigar, 2TM Hoodoo Justice 825 and 2TM Justice 828. The proven eye-appeal and performance of the Cigar and Justice bloodlines has produced outstanding results in our herd.

Also in this years' offering will be about 20 coming 2 year old bulls from late spring and summer 2009. These bulls are developed on grass and will be sound and functional for many years to come.

Our goal at Cheyenne Charolais is to produce sound, problem-free bulls that help put more dollars in your pocket by helping you produce more pounds from your cowherd. If you're not already one of our many satisfied customers, come take a look at our program and our bulls on Feb. 8th in Philip. We believe you'll be impressed... As always, the bulls are boarded until May 1st at no cost and carry a full one year unconditional guarantee!
