Dear Customers and Friends,

The crew and I would like to invite you to our 30th Annual bull sale! The journey has had highs and lows over the years, but I'd have to say that getting the opportunity to meet so many great cattle people and be able to contribute in some way to their success is my biggest enjoyment in the "bull business."

Our herd, and the breed for that matter, has changed so much from what we started with. The coarse, frame 10, harder calving cattle are long gone. For years, we have tried to produce structurally sound, eye appealing bulls that sire calves which are born unassisted.

I select herd bulls based on what I like when I see them and actual performance rather than EPD's. One of the best examples of this are the sons of MJ MR TURTON, which are outstanding, moderate framed bulls that ranchers love with great actual performance but rather pedestrian EPD's. Eye appeal on a set of feeders is an important asset, as it's the 1st thing buyers notice when cattle come into the ring.

This was our 3rd straight year of being in a drought area, and with no creep these bull calves did very well. They're tested on CHS Bull Challenger and long stem hay, which allows more muscle than fat development. Like everyone's cattle around this area, they've been through some challenging weather and after some of the cold we've had, I couldn't bring myself to clip any hair off this year. The quality shows through a little extra fur though. I'm proud of how good the hair is on these guys.

Thanks to our past customers, without all of you, we wouldn't be where we are today. If you're considering us as your Charolais bull source for the 1st time, we think you'll like what you see in this offering.

We are pleased to announce that Larry Andersen of Hayes, SD is the recipient of a \$2000 "Producer of the Year" credit. Thank you, Larry, for your 20+ years of purchasing!

I hope you're able to be on hand March 7th to evaluate this great set of Charolais bulls. If you can't travel to Philip, video bidding will be available via cattleusa.com.

Thank you!!

The Deering Family

Son John Wayne is quickly becoming a skilled apprentice to his Dad! We are extremely thankful to have him here.

Hard To Forget is an outstanding son of Deliverance. His sons are above average in all ways and I've been very impressed with them.

Daughter Sheridan is our go to girl when we need a horse on hand. We are going to be at a loss when she leaves for college in the fall to pursue a career as a Vet Tech.

DISPOSITION SCORE

We are including this on every lot - disposition is a big priority and these scores are my own assessment from feeding by hand twice a day and working these bulls several times. Disposition also included in the guarantee!

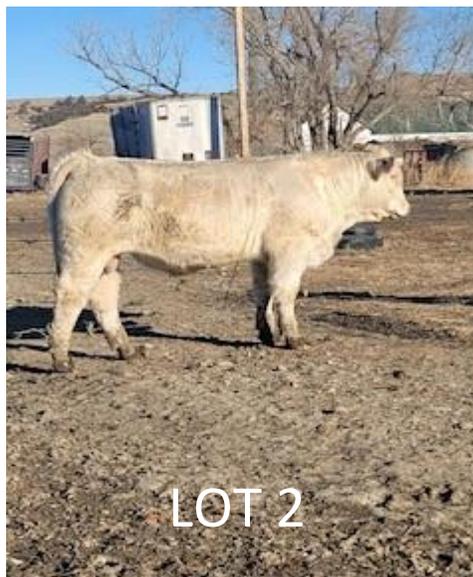

- Scores 1 - Nuts
 2 - Wild and/or Mean/High-Headed
 3 - Average; Normally mild but could act up potentially in the chute or if handled rough
 4 - Above Average
 5 - Excellent; has never shown at any time, anything but "Happy Bull" behavior
 5+ Pet! Might need a stick to get him out of the way, likes to get a scratch now and then!
Definitely no "1" or "2"s in the sale!

2 YEAR OLD'S

Pretty darn good group of bulls overall and I think you'll appreciate their quality and condition.

They were only gain-tested for about 30 days on ear corn and good alfalfa and the gain was exceptional! They're sound and will cover the big country! **Virgin bulls will be noted, but all bulls will be trich tested prior to delivery.**

A couple final notes:

We wanted to share the news of gaining a member of the family this past year. Kand's oldest son Jacob was married in the funnest wedding we have ever been to! Star Wars themed! Welcome to the family Misti!

We are extremely thankful to have welcomed home, safely, Kandi's youngest son, Darren, from his deployment in Syria. We are very proud of his service to our country and those he fought to keep safe.
